Dear [Patient Name],

What if you could try the very latest hearing aid technology—and do it for free? It's a great opportunity, and we hope you'll take us up on it.

Recently, Sonic announced an entirely new line of hearing aids called Enchant. They're different, because they instinctively respond to the types of sounds and noises around you. Enchant technology is not only remarkable for its intuition, it's customized to you. Its features adapt to your individual hearing loss to make conversations incredibly clear and natural.

It's a difference we do our best to describe—but it is truly worth experiencing. So we're inviting you to try Enchant at our expense. We'll fit you with Enchant so you can evaluate the benefits for 30 days. If you're not satisfied, you can return the hearing aids with no obligation. We are confident Enchant will be as revolutionary for you as it is from our perspective.

It's easy to give Enchant a try. Just call us so we can answer your questions and schedule your personalized fitting. We hope to hear from you today!
